Bug Report: **Operator APP**

Environment	Durmin Admin
Refering Doc	https://assets.durbin.co.in/services/
Device	Base device: Android: OnePlus Nord 3, Android 11

#Issue Id	Defect(Description)	Attachment	Status	QA Comment	Developers' Comment	
1	In the OTP validation page, OTP should be auto-fetched and validated, and redirected to the homepage		Open		Auto fetch not possible.	please give us more details. I found this https://www.npmjs.com/package/react-native-otp-verify
2	"Resend OTP" function is not working	https://prnt.sc/S1L6E4A9nx79	Open		Need api	using same request api after 3 min
3	Location is also not working	https://prnt.sc/KKPKCDufFIto	Open		Need a google map api key. which will convert the latitude and longitude to place name.	
4	After OTP verification, clicking the back button redirects the user again instead of staying on the correct page.	OTPpage redirection.mp4	Open		Done https://drive.google.com/file/d/1IVsp8Urd2gVqn_fu5KknJU1Gf6bl03lx/view?usp=sharing	
5	Report breakdown function is not working.	Report breakdown-Check In check out.mp4	Open		Need to disscuss. I am showing data according to response.	false means in breakdown
6	Attendance card is not optimised.	https://prnt.sc/KKPKCDufFIto	Open		Need a google map api key. which will convert the latitude and longitude to place name.	
7	After check-in and check-out, the system still shows that the user has not logged in for the day.	https://prnt.sc/_INZVv8AF9xi	Open		If user check in then check out i am fetching the api again https://api.assets.durbin.co.in/mobile/get-details and getting response isCheckedIn: false and lastCheckInTime: ""(empty string). fix this api. https://i.postimg.cc/dt43vZsP/3.png	Please check "is_logged_in" in respone data
8	Currently, the profile name is static (Sayan Kumar Pal). Need to make it dynamic and also update the Contact details	https://prnt.sc/gXFHjiS-hRFu			Need profile get and update api	Please check login api respone
9	Need a confirmation pop up before check in and check out		Open		In progress	

						Arka can help on this
